37 & 39 WALL STREET,

New York, March 13 1886

To the
Director of the Mint
Philadelphia, Penn

Dear Sir,

At the request of the Hon James P. Kimball, Director of the Mint, Washington, I have forwarded you an Ingot of our specially refined copper, to be tested by you in order to determine its fitness for alloying the coins of the United States.

I am sure you will find it of entirely satisfactory quality, and beg that you will kindly advise me the result of your test.

I am,

Dear Sir

Very truly Yours

James Douglas Jr. Pres.
